With 10-Yard Fight™

YOUR season is just beginning!

10-Yard Fight™

It's 3rd and 10. The crowd is on its feet. Cheers fill the stadium. "36-88-24. Hut-hut-hut." The ball is snapped. You grip the hard, cold pigskin and the game is in your hands. You scramble left to avoid a flying tackle and look downfield. A receiver is open. You pump for a forward pass. It's complete for a 10 yard gain and a 1st down!

That's the rush the player gets with 10-YARD FIGHT, the 1- or 2-player video with the continuous play feature. The thrill of controlling the action. Of calling the plays and carrying the ball. Of a real Pro contest of America's #1 game.

The player takes the field, takes the ball and takes on as much action as he can handle. He must score a touchdown in the time allotted to go from high school and college all the way to the Pros and the Super Bowl, with cheerleaders marking his progress in-between.

Each level begins with the player carrying the ball on the kick-off as far up the field as he can before being tackled. Then he's in control as quarterback, running with the ball or going for a forward pass or a lateral to a receiver who lets him know he's open by waving his arms. If the pass is intercepted, a 20 yard penalty is called. As in authentic Pro ball, the clock is stopped when the player runs out of bounds. For bonus points after the referee signals a touchdown, the player can kick the ball or run with it to score "points after".
